**Dear Hiring Manager:**

Thank you for the opportunity to apply for the New Grad (Advanced Degree) - Software Engineering role at your company. After reviewing your job description, it is clear that you are looking for a candidate that is extremely familiar with the responsibilities associated with the role, and can perform them confidently. Given these requirements, I am certain that I have the necessary skills to successfully do the job adeptly and perform above expectations.

I am a proactive recent college graduate (3.8 GPA, Masters in Applied Computer Science) from Northwest Missouri State University. In both my academic and professional life, I have been consistently praised as hard working by my professors and peers. Whether working on academic, extracurricular, or professional projects, I apply proven communication, leadership, and multitasking skills, which I hope to leverage into the Academy Software Engineer role at your company.
